

Zoe Horn

Data Analytics & Business Administration Student

(443) 847-3005 | zoe.f.horn@gmail.com | linkedin.com/in/zoe-horn | Baltimore/Washington D.C. Metro

Summary

Data Analytics student at the University of South Carolina (GPA: 3.98) with a Business Administration minor and a certificate in Data Analytics & Visualization. Skilled in Python, R, SQL, and Excel with experience in statistical analysis, data visualization, and translating data insights into clear, actionable recommendations.

Education

Bachelor of Science in Data Analytics

Aug 2023 – May 2027

University of South Carolina — Columbia, SC

- Minor in Business Administration; Certificate in Data Analytics & Visualization
- GPA: 3.98 | President's List (4 semesters) | Dean's List (Fall 2025) | Departmental & University Scholarship Recipient
- John M. Grego Data Analytics Award (2026) — First-ever recipient, awarded by the Data Science and Data Analytics Program

Study Abroad — Spanish Civilization & Culture

Jan 2026 – Apr 2026

Institute for American Universities (IAU) — Madrid, Spain

Experience

NSF REU Researcher — Biological Data Analysis & Cell-Fate Prediction

Jun 2026 – Jul 2026

University of South Carolina, Dept. of Mathematics — Columbia, SC

- Selected for NSF-funded REU in the Mathematical Foundation of Data Science; analyze single-cell RNA-seq datasets (human skin, mouse, and zebrafish) using R.
- Apply Seurat, Monocle3, CellChat, and GO analysis to identify cellular subpopulations and predict cell-fate transitions; present findings weekly to faculty and research teams.

Data Analytics Project Intern

May 2025 – Jun 2025

Johns Hopkins University — Baltimore, MD

- Analyzed institutional survey datasets (5,000+ responses) to surface trends for university decision-making; communicated findings via infographics and an executive summary.

Technology Coordinator

Dec 2025 – Present

Kappa Kappa Gamma — Columbia, SC

- Oversee full recruitment analytics process, supervising matching team and maintaining data integrity and process efficiency across all selection decisions.

Head of Matching Committee (Recruitment Data & Selection)

Dec 2024 – Dec 2025

Kappa Kappa Gamma — Columbia, SC

- Led a four-person team managing recruitment matching for Fall 2025 (2,502 participants — one of the largest Panhellenic recruitments nationally); produced a 180-member pledge class under strict deadlines.

Service Industry Experience

Jun 2021 – Present

The Salty Nut Café (Server), Ryleigh's Oyster Bar (Host & Server), Baltimore Coffee & Tea (Barista)

Projects

Navigating the U.S. Housing Market Through Data — Tableau Story

- Built an interactive Tableau Story analyzing U.S. housing market trends and regional price patterns to surface affordability insights.

Mental Health & Social Media Balance: A Multivariate Study

- Applied clustering, factor analysis, and visualization to reveal patterns in social media use and mental wellbeing.

Volunteering

KKG Philanthropy — The Jed Foundation

Aug 2023 – Present

- Lead biannual fundraising efforts supporting mental health initiatives for young adults and teens.

Art of Leadership Program — Art with a Heart

Aug 2021 – Jun 2022

- Created a mental health awareness mosaic for NAMI as a capstone public art project across Baltimore.

Skills

Programming: Python, R, SQL, Java

Analysis & Tools: Statistical Analysis, Data Visualization, Multivariate Methods, Tableau, Excel, GitHub, Canva

Coursework

Algorithmic Design I, Applied Multivariate Statistics, Data Visualization, Scientific Applications Programming, Statistical Methods for Data Analytics, Visualization Tools
